Any sheep, in the opinion of the superintendent, that exhibits these ailments, detected at any time before final placing in the show, will be barred from show and dismissed from the fairgrounds. Exhibitors may have a veterinarian view, at their own expense, any animal for a binding decision on any feared ailment. However, an exhibitor may not delay a show pending a veterinarian inspection. Any exhibitor, who fails to have any suspected ailment examined by a veterinarian by show time, waives any right to object to the superintendent’s decision at a later time. A county veterinarian will be available during check-in and weigh-in.

- B. Exhibitors are allowed to show up to four lambs in the market lamb division and 12 animals (no more than six may be of the same breed) in the breeding sheep division.
- C. If a class has too many exhibitors, it may need to be split. Split classes will be posted before the show.
- D. Exhibitors may participate in both the market lamb and breeding sheep showmanship contests if they exhibited sheep in those respective divisions. Previous first place winners must move up to the next age group, however, prior winners of the 14 and over age group may show in that class again. Entry may be made when making all other show entries or when checking into ring. All classes will show prior to champion selection. Winners of the age 14 and over age group in both divisions will be nominated for the Showmanship Classic. Additional participants will be selected from the oldest birthdate of the second place individual from market lamb or breeding sheep showmanship.
